Driven by self-motivation and a desire to excel, I have developed strong frontend development skills through personal projects and independent study. With expertise in HTML, CSS, JavaScript, and ReactJS, I am eager to contribute my unique perspective and enthusiasm to a forward-thinking team.

Experience

ReactJs Intern at Codsoft

May 2024 - Present

- **Blog Platform:** Contributing to the development of a blog platform using React.js, Redux, Tailwind CSS, and possibly a backend framework like Node.js or Django. Collaborating with the team to implement features such as article creation, commenting, and user authentication.
- **Product Catalog:** Working on a product catalog project with React.js, Redux, Tailwind CSS, and possibly a backend framework like Express.js or Flask. Participating in the design and implementation of features such as product listings, search functionality, and user reviews.

Web Development Intern at Oasis Infobyte

Apr 2024 - May 2024

- Implemented login authentication using React.js, Redux, and Tailwind CSS, conducting thorough testing for security and functionality.
- Developed a calculator app with the same stack, ensuring accuracy through rigorous testing.
- Built a task tracking app with React.js, Redux, and Tailwind CSS, conducting extensive testing for seamless project management.

Projects

Personal Portfolio Website

- Developed a modern portfolio website during an internship with Codsoft Technologies, using React.js, Tailwind CSS, React Router, Framer Motion, and emailjs. Implemented dynamic routing, animations, and direct communication features.
- **Tech-Stack:** React.js, Tailwind CSS, React Router, Framer Motion, emailjs

TaskTrek - A Task tracking app

- Developed a dynamic task tracker using ReactJS, with efficient state management using useState and useEffect. Implemented responsive layouts with Tailwind CSS and integrated local storage for data persistence. Demonstrated proficiency in React development, hooks, and responsive design principles.
- **Tech-Stack:** React.js, Tailwind CSS

Education
